

Homeopathy is a holistic health practice that uses specially prepared natural substances to stimulate your body's healing ability.

In homeopathy, the energy for healing comes from within, resulting in quicker recovery, fewer side effects and longer-lasting health.

Homeopathy is ...

Gentle

Holistic

Safe

Natural

Nontoxic

Affordable

... healthcare for everyone.

The right homeopathic remedy helps your body correct long-standing, destructive patterns that can cause or aggravate disease.

Homeopathic remedies have been specially prepared to make them nontoxic and gentle. They never overpower your body with chemicals or compromise your immune system.

Affordable Healthcare for the whole family

We believe homeopathy has the potential to change the world. Homeopathy changed our lives, and we would like to share it with as many people as possible.

Accordingly, you'll find that our rates are some of the lowest in the field. We also offer substantial discounts for those in need of help, as well as for students, veterans and seniors.

So, what are you waiting for? Take charge of your health today! Call for an appointment.

The most important thing for successful homeopathic treatment is not the name of a disease but a thorough understanding of who you are and how you experience life.

In homeopathy, all non-traumatic illness is seen to come from a central imbalance. The goal of homeopathic care is therefore to remove this disturbance at the deepest level. As core issues resolve, we see physical complaints improve as well.

People who are new to holistic healthcare, especially those who have received a serious diagnosis, naturally want to know, "Can homeopathy help my medical condition?"

If your body is strong enough to respond to a homeopathic remedy, then the answer is "Yes!"

The homeopathic remedy, Gelsemium sempervirens, saved thousands of lives during the 1918 flu epidemic. The National Homeopathic Hospital in the U.S. did not lose a single patient.

Hart listened well and responded with an effective and easy to follow treatment. After a pretty major back trauma, I am back to walking and running and light rock-climbing after only four weeks!

Thanks Hart.

- T.B., Durham

Hart is conscientious, hardworking, knowledgeable and a determined person. He uses these talents to find the best remedy for his clients.

- L.P., Durham

It has been six months since I stopped taking the remedy. I have had one very small hive that went away almost immediately. The treatment has been incredibly successful and I couldn't be happier. My western medicine doctor friend is amazed ... so am I. Thank you, Hart!

- D.R., Durham
